April

Note: Instead of doing three more Gnats for a possible six points extra credit (for a total of 10 pts. to replace the lowest quiz grade) you may turn in the homework of the six sections of Chapter 6 with one additional problem of your choice for a point extra credit. Again, the assigned hmwk must be done first before the extra problem, from the problem page, is done for the point/section extra credit. These will be collected two at a time on the Thursday of each week.
