## Graphs of motion 2

3 - During the first 0.4 hours, John pedals hardly because there is a hill; And it is difficult!

Between 0.4 and 0.5 hours, so during 0.1 hours, he pedals quickly because he saw a beautiful girl and he wants to impress her. But she does not look at him! Poor John...

It is nothing because he is arrived at Tom's house. During 0.3 hours, they speak with Tom about the last video game Tom bought yesterday.

It is already time for John to come back. He goes through another way than the one he takes to come. He is very tired so he pedals slowly during 0.5 hours.

On the journey, he remembers that his Mum did some cookies with chocolate. So he pedals faster during 0.2 hours.

When he arrives, there is no cookies because his little sister eat all of them.

Bad day ...

May I keep this?
